

TOUR OF SANCY self-guided

On the Auvergne volcanoes

The highest summit of the Central Massif, the Puy de Sancy (1886m), opens the doors of its kingdom to reveal its most beautiful jewels: the lakes and volcanoes of the Auvergne. Each day, you will go in search of a new Grail: there, a lake, a real pearl in its green setting. Here, a waterfall with a flowing stream. And further on, a Romanesque church where the stones tell you their story. This 7-day version allows you to enjoy the three valleys around the volcano: Dordogne, Chaudefour and Fontaine salée.

The route

Day 1

Welcoming at the end of afternoon on the hotel.

Day 2

HIKING AROUND THE MONT-DORE

Two possibilities :

- Circuit of the Lac de Guéry and the Puy Gros: loop starting from the little town of Mont-Dore. From the bottom of the valley to the Puy Gros plateau and from streams to clearings, the ascent opens onto the Guéry summer pasture areas. During this day, it is possible to make a return trip to the summit of Puy Gros. From the summit, the old work of the glaciers is obvious, in the perspective of the Mont-Dore valley.

4h00 walking / Elevation: +/- 400 m

- Circuit des cascades: a slightly more sporting route, rising to 1738m at the top of the Puy de l'Angle. On the way, 3 waterfalls (the big waterfall, the Rossignolet and Queureuilh waterfalls) and a rollercoaster ride on the ridges (Puys de l'Angle, de Barbier, de la Monne and de la Tache), beautiful views of the Sancy massif.

6h00 walking / Elevation: +/- 760 m

Day 3

MONT-DORE - LAC CHAMBON

This route begins with an ascent to the Durbise plateau. This plateau is full of sheeps from May to October. Passage in the puy des Crebasses (1762 m) along a line of ridges that border the Chaudefour valley. Descent to the old station of Chambon-des-Neiges and then to the Chambon lake. Possibility of swimming, pedal boat rent...

Night in a hotel at the Chambon lake.

6h00 walking / Elevation: + 570 m to + 810 m; - 900 m to - 1020 m

Day 4

AROUND LAKE CHAMBON

Two possibilities:

- Circuit of lake Chambon: from the beach of Lake Chambon, this loop leads to the strombolian volcano of Tartaret and then to the hill of Murol. This is crowned by a citadel commanding the entire Couze Chambon valley, a well-preserved building probably dating from the 12th century (medieval shows in summer!). Passing by the dent du Marais and discovering its panorama on the Sancy.

3h00 walking / Elevation: +/- 270 m

- The Roche Romaine circuit: this loop is proposed in a sector rich in geological features (Roche-Romaine, small cones of the Tartaret lava flow). The Bessoles plateau offers wide views over the Jassat plain and the Adventif massif.

4h00 walking / Denivelé : +/- 230 m

Day 5

LAKE CHAMBON - BESSE

From the lake, the itinerary reaches Courbanges and then the little village of Besse. Passage by the Courbanges forest and the mountain of Dourbise.

Night in hotel in Besse.

5h00 walking / Elevation: + 500 m - 300 m

Day 6

HIKING AROUND BESSE

Two possibilities:

- Lake Pavin circuit: the deepest lake of the massif (92m). Lake Pavin has aroused both legends (a town is said to have sunken there) and scientific curiosity. Continue along the banks before climbing the puy de Monchal.

5h00 walking / Elevation: +/- 400 m

- Ourcière circuit: leaving behind the old streets of Besse and the house of Queen Margot, the path descends towards the Couze Pavin and the hamlet of Ourcière. It goes up the Vaucoux valley to return via the Bois de la Reine to the medieval town, a traditional agricultural centre and a dynamic tourist centre.

3h00 walking / Elevation: +/- 400 m

Day 7

BESSE - THE MONT-DORE

Itinerary that rises from Besse to Super-Besse, a ski resort in the Sancy massif, to cross at the foot of the Puy de Chambourguet. After the Plaine des Moutons, reaching the Puy de Sancy, the highlight of the hike. It is the highest summit of the Massif Central (1886 m). Passage by the crests: puy de Perdrix, col de la cabane... Finally, descent via the Val de Courre where marmots or chamois can be observed.

6h00 walking / Elevation: +950m -650m

End of the tour in the afternoon in Le Mont-Dore.

- Hotel-size soap is generally enough for a week.
- A tube of toothpaste 3/4 full will do the trick
- Shaving foam: a small sample can
- A small microfibre towel
- A small bottle of shampoo

- A travel toothbrush

Pharmacy: in addition to your personal medicines, bring:

- Elastoplast or hook-and-loop tape
- "Second skin" tape to protect against blisters, such as Compeed
- A small pair of scissors, thread and needle
- A small tube of sun cream and lip balm

Now all you have to do is apply this recipe to your entire bag!
