The Dolomites... a geological reference as much as an aesthetic one, an inescapable massif in the mountain imagination... a unique name for more than fifteen 'gruppo' with very different looks.

This Panorama version of the programme in the Western Dolomites offers you the chance to get up close and personal with four of these massifs: Puez-Odle, Sella, Sasso-Lungo and Rosengarten, to get a glimpse of this surprising diversity at your own pace and with cosy accommodation in the valley.

Mineral lace, immense stone ships, vast lunar plateaus and lush green mountain pastures... as well as gastronomy from Central Europe to the Mediterranean and a multitude of languages mixing Italian, German and Ladin...

A hike to discover all the richness of this region!

You will love

- The contrast between the austerity of the Sella massif and the opulence of the Odle and Siusi mountain pastures,
- The fantasy-film atmosphere of the Catinaccio,
- The stairways, handrails and cables that make these stone fortresses so accessible,
- The warm welcome and comfort of the accommodation combined with the gastronomy, a meeting point between Italy and Austria.

Day-by-day itinerary

DAY 1

To complete this tour, it would be better to have your own vehicle to get to the start of your hikes.

INSTALLATION AT THE HOTEL IN ORTISEI

Welcome and check-in at your hotel in Ortisei, a charming Italian town in the Dolomites.

DAY 2

Departure on foot from the centre of Ortisei/ St Ulrich, Val Gardena.

ORTISEI - ODLE NATURAL PARK - SANTA CRISTINA

Departure with the La Seceda cable car. After a steep initial climb through the forest, the path opens out onto the wide Seceda mountain pasture: lush green meadows and the "Pale Mountains" of the Odle range... that's it, you're in the Dolomites! The crossing from the alpine pasture to the Firenze hut takes place at a leisurely pace, passing close to the cliffs via Forcella Pana and Peralonga. For a gentler start, the Seceda cable car takes you directly to the plateau. You can then return to the valley on foot as far as San Cristina. You can take the Col Raiser cable car to shorten the itinerary. Return to Ortisei by bus.

6h30 walk / Elevation: + 850m / - 1050m / 15km

DAY 3

Take Bus 350 then 473 from the Ortisei bus station to the Passo Gardena pass.

PASSO GARDENA - MASSIF DE PUEZ

This itinerary takes the form of a loop starting from the Passo Gardena pass. The day begins with a balcony path offering an initial wide panorama, from the Sella massif to the Tofanes massif. The route continues through a series of extremely varied landscapes: the impressive Puez cirque, the immense Vallunga canyon, the Creispéina plateau and the Pizes de Cier with their bizarre rock towers. Return by bus from Passo Gardena.

5 hrs walk / Elevation: +/- 750 m / 12 km

DAY 4

Take Bus 350 then 471 from the Ortisei bus station to the Passo Pordoi pass (or Passo Gardena pass, depending on the route you choose).

PASSO SELLA / PASSO PORDOI - SELLA HIGH PLATEAU

A total immersion in the mineral atmosphere of the Dolomites for this day, in one of its highest massifs: the Gruppo del Sella! Depending on your level, you can either cross this immense stone vessel completely, with a slightly more technical route featuring steps and handrails on certain sections, or take the Saas Pordoi cable car to the heart of the massif, then do a loop around Piz Boé. Return by bus from Passo Pordoi.

6h walk / Elevation: +900m -1200m / 10km for the complete traverse from Passo Gardena

6h30 walk / Elevation: +/-1230m / 13km from Passo Pordoi

4h walk / Elevation: +400m -1100m / 9km using the cable car on the way up

DAY 5

Take Bus 350 then 471 from the Ortisei bus station to the Passo Sella pass.

PASSO SELLA - SASSO LUNGO

A day in the Sasso Lungo group, emblematic of Val Gardena. You can enter the massif on foot or by taking the original Forcella Sasso Lungo cable car. The route then plunges into the heart of the stone needles in the Vicenza valley, before reaching the mungo pines, marmots and alpine pastures of Sasso Piatto. Return to Passo Sella along the Sentier Royal Friedrich August. Return by bus from Passo Sella.

6h30 walk / Elevation: +/-1050m / 15km

5h15 walk / Elevation: +570m -1050m / 13km using the cable car on the way up.

DAY 6

Take Bus 172 then 10 (or Bus 172 then the Seiser Alm cable car)

ALPE DE SIUSI - ROSENGARTEN

Another circular hike between the Alpe de Siusi, the largest mountain pasture in the Alps, and the Rosengarten massif: a journey through greens and ochres for a colourful day! There are several possible itineraries, varying in length and difficulty, with the option of extending the experience by spending an extra night at the Alpe de Tires refuge.

DAY 7

End point after breakfast.

The programme has been drawn up on the basis of the latest information available at the time of writing; unforeseen circumstances are always possible and situations beyond our control may alter its course.
