This family-friendly escapade to the heart of the mountain pastures winds its way through a landscape shaped by man and nature. Man has created traditional villages covered in "tavaillons" (slabs of oak or spruce used as roof tiles in the Middle Ages), as well as farmland known locally for its Reblochon cheese. Nature here is rich in wetlands, the work of glaciers and animal species. Chamois, ibex, marmots, golden eagles and the discreet bearded vultures are still very much present in this massif. Your guide will be happy to tell you all about this rich heritage and to share with you the wonders of the mountain. From the most emblematic sites (Plateau de Beauregard, Lac des Confins and Lac de Lessy) to other more secret ones. The route also takes in the village of La Clusaz and the authentic Chinaillon/Grand Bornand area. It's an adventure with a variety of landscapes and atmospheres, where you and your family can make the most of the local treasures.

## You will love

- A semi-itinerant tour adapted for families;
- A hike with donkeys to motivate both young and older children;
- Animal sightings: marmots, chamois, ibex, bearded vultures...;
- Fabulous local produce (reblochon, tomme, charcuterie...) to enjoy in cosy accommodation;
- The magnificent landscapes of the limestone cliffs of the Aravis facing Mont Blanc.

## Day-by-day itinerary

### DAY 1

**Meet Sunday at 10:30am at the Beauregard cable car near the church in La Clusaz.**

#### PLATEAU DE BEAUREGARD

Take the cable car up to 1644 m. A gentle start on the well-named Plateau de Beauregard, classified Natura 2000 mainly for its rich wetlands. Panoramic 360° views over the Thônes valleys, the Aravis mountains, the Bargy and Mont-Blanc.

Three loops of varying difficulty to suit all tastes. Night in a hotel\*\* in La Clusaz.

2 hour to 4 hour walk depending on the chosen itinerary / Elevation: +100m, 250m or 350m

### DAY 2

#### TÊTE DU DANAY WITH DONKEYS

Free shuttle bus to 'Lac des Confins'. Take a short tour of the lake at the foot of the famous 'Combes des Aravis', then climb to the 'Tête du Danay'. A sublime 360° panorama that allows you to admire the work of the glaciers. An easy descent along the ridge and then through a beautiful spruce forest to reach Les Confins.

Donkeys accompany us all the way. Faithful travelling companions, they carry our picnic, let themselves be brushed, led by the bridle or cuddled by the children. And to finish the day with a bit of thrill, why not take advantage of one of the giant zip lines at the Confins leisure area? Night in a hotel\*\*\* in La Clusaz.

4.5 hour walk / Elevation: +380 m / -850 m

### DAY 3

#### AIGUILLE VERTE MINI-TREK J1

At the foot of the Bargy, on the magnificent Samance mountain pastures, stroll through a protected area where ibex and bearded vultures are not uncommon and livestock farming is well established. The chalets at Cuillery offer a taste of bygone days and a chance to sample the valley's organic Reblochon cheese. The hike can be extended by heading up to Roc des Tours or Aiguille Verte. Magnificent views, particularly of Mont Blanc and Lac de Lessy. Finally, you reach the small Lessy refuge for a magnificent night in the mountains. Night in a refuge **without luggage transfer.**

5 hour walk / Elevation: +700m ; -200m

**DAY 4****AIGUILLE VERTE MINI-TREK J2**

After an unforgettable night, you wake up at the foot of Lac de Lessy. It's an easy hike via the 'Col de la Forclaz' that will take you gently back to Chinaillon. There are several options for this day, including a stop at the Forclaz rocks before returning to your hotel. Night in a hotel\*\*\*.

5 hour walk / Elevation: +/-530m

**DAY 5****MONT CHARVIN MINI-TREK J1**

Transfer from your hotel to the small village of Le Bouchet-Mont-Charvin for this second mini-trek. It's a beautiful climb that takes you through the forest and then the mountain pastures to Les Fontanettes (a pleasant mountain pasture chalet/refuge). Take a break here, before embarking on the final part of the climb to Aulp de Marlens (1660m). At 2.00 p.m. at the refuge, you can take part in a 'discovery of the life of a mountain farmer' activity (cost: €5 to €10/person, payable on site). Overnight in the refuge **without luggage transfer**.

3 hour walk / Elevation: +750m /- 50 m

**DAY 6****MONT CHARVIN MINI-TREK J2**

The Col des Porthets (2072m) is your morning goal. It is dominated by Mont Charvin (the second highest peak in the Aravis range). A wild, alpine world awaits you. Take a welcome break at Lac du Mont Charvin before making your way through the beautiful mountain pastures to La Joux, where you will be picked up to take the shuttle bus back to La Clusaz.

4 hour walk / Elevation: +400m -900m

**End point Friday at 4:00pm at the La Clusaz bus station.**

### LEVEL \*\*

Elevation: +/- 750m average per day.

Walking time: 4 to 6 hours average per day.

Type of trek: mountain hikes on marked trails, not too stony and without technical difficulty.

This trek is accessible to people in a good fitness level and accessible to children aged 6 and over, with flexible, adaptable itineraries. Hikes of 6 to 10 km maximum per day. Please find the description of the levels by clicking here: [Level of difficulty](#)

### GUIDING

Your trip is organized in a group of 6 to 14 people under the responsibility of a guide. A qualified professional, he or she is the guarantor of the smooth running of the trip, the activities and the exploration of the environment.

The mountain leader may have to modify the programme to adapt it to the level of the participants and/or the natural conditions. As a last resort, he is the sole decision-maker.

As a thank you, it's common practice to tip your guide at the end of your hike. It's not obligatory, but greatly appreciated.

### GET YOUR IMAGINATION WORKING

The Aravis mountains are particularly well-suited to exploring the Alpine environment:

- Typical mountain pastures, often still run by working shepherds or alpacists;
- Accessible summits and passes, with a mountain atmosphere that's perfect for exploits;
- Plenty of wildlife, which can be observed with binoculars or spyglasses, but which you can also look out for traces and signs of life;
- Wide views of the Alps, so you can talk geography or geology (if you feel like it!);

We've designed this programme with children in mind, but also with the pleasure you'll get from sharing this experience with them.

### ACCOMMODATION

3 nights in family rooms for 2 to 4 people in a hotel\*\* and \*\*\* ;

2 night in dormitory in refuge.

### MEALS

Picnics are included comprising a variety of healthy salads and local products. Please inform us about your food allergies and special diets **at the time of booking**. We do our best to accommodate special diets (gluten-free, vegetarian, etc.). However, we encourage you to bring some additional products for your own picnics.
