A few steps from the Franco-Swiss border, in the heart of the Valais Chablais, stands one of the most beautiful mountain ranges in the entire Alpine arc. Recognizable among a thousand, glorified by generations of poets, from Ramuz to Hugo, the Dents du midi form the high point of the panorama of all the regions from which they are observed. From the wine-growing hillsides of Lake Geneva, you can admire the massive dominance of their seven peaks over the Rhone Valley, forming like an old lighthouse attracting the last lights of the evening.

This setting of wild nature remains little known in the Alps, even though the route that goes around it was a pioneer in the history of mountain trekking. Departing from the small village of Mex, overlooking Saint Maurice and the Rhône Valley, the route evolves day by day as it goes around the massif. Bucolic and verdant the first days, it rises gradually through the alpine levels, sees the forest disappear in front of the meadow, then the meadow facing the bare rock. In a then mineral and emaciated decor, the bravest will venture to the top of the highest tooth, the Haute Cime and its 3257 meters, during an unforgettable ascent!

## You will love

- A diversified route, from the forests of Val d'Illiez to the rocky slopes of the Haute Cime.
- 3 to 5 days in the mountain without ever going back down to the valley, complete immersion!
- A little known tour in a wild and authentic environment
- The possibility for good hikers to climb an amazing summit at 3257 meters.

## Day-by-day itinerary

### DAY 1

**Starting from Mex village.**

#### **MEX - AUBERGE DE CHINDONNE - DENT DE VALERETTE**

The trek starts gently from the small village of Mex along a pretty path between forests and mountain pastures. A gradual ascent takes you to the superb Chindonne inn. There is also a more challenging option via the col and the Dent de Valerette.

*3.5 hours walk / Elevation : +750 m - 300 m / 9km*

*5 hours walk / Elevation : +1150 m - 650 m / 11km (Via la Dent de Valerette)*

### DAY 2

#### **CHINDONNE - SIGNAL DE SOI - CABANE D'ANTHEME**

A superb balcony walk through the many valleys on the north face of the Dents du Midi. After the Dent de Valère, cross the Chalin mountain pasture, where it's not unusual to spot deer and chamois. Overnight at 2058 metres above Champéry in Anthème's little perched hut.

*4 hours walk / Elevation : +700 m - 300 m / 12km*

### DAY 3

#### **ANTHEME - PAS D'ENCEL - CABANE DE SUSANFE CAS**

We head for the spectacular Pas d'Encel, a narrow and impressive gorge that we climb up on a magnificent path that is sometimes acrobatic but well secured by chains. The path rises to enter the heavenly Vallon de Susanfe, cut off from the rest of the world, in the middle of which stands the 'Cabane du bonheur', a magnificent Swiss Alpine Club refuge.

*4 hours walk / Elevation : +700 m - 650 m / 9km*

**DAY 4****COL DE SUSANFE - HAUTE CIME - REFUGE DE SALANFE**

The highest day of the tour! A gradual ascent to the Col de Susanfe, where the landscape becomes lunar-like as the meadows disappear. Conditions permitting, the more courageous leave their heavy rucksacks at the col to climb the majestic Haute Cime, at 3,257 metres, a little lighter. From the summit, you have a commanding view of all the surrounding mountains and an unrivalled panorama from Lake Geneva to Mont Blanc. Descend to the superb Salanfe reservoir and its comfortable refuge.

3 hours walk / Elevation : +400 m - 600 m / 8km

7 hours walk / Elevation : +1150 m - 1330 m / 12km (with the ascent of the Haute Cime)

**DAY 5****SALANFE - COL DU JORAT - MEX**

A short climb from the refuge to the Col du Jorat and a superb view of the Rhône valley, before starting the long descent back down to the valley for a return to civilisation after a few days cut off from the world!

4 hours walk / Elevation : +300 m - 1100 m / 9km

**End of the trek in the afternoon in Mex.**

**For the 4-day version, days 2 and 3 are completed in a single stage.**

A 2 or 3-day version of the itinerary is available on request.

The programme has been drawn up according to the latest information available at the time of writing; imponderables are always possible and situations beyond our control may alter the programme.

### LEVEL \*\*\*

Elevation gain: From +400 m to +1250 m on average per day.

Walking time: 4 to 7 hours per day.

Type of hike: Well-maintained mountain trails. Some cable-secured sections may be exposed but are safely secured ("Pas d'Encel").

You have to be in a general good fitness level. Please practice a cardio sport such as hiking, running, cycling, from 3 to 4 hours a week.

Your physical preparation will enable you to enjoy your trek to the maximum. Please find the description of the levels: [levels of difficulty](#)

The route in general is well indicated, and the Roadbook provided is sufficiently complete to allow you to hike in complete safety. However, it is essential to be able to read a 1:25,000 map and to be autonomous in the mountains to be able to tackle the itinerary with confidence, whatever the weather (fog, snow, etc.). Guiding by a professional mountain guide is not included in the self-guided package.

Be prepared! You will be crossing areas with no telephone network. For your own safety, you may wish to bring along a radio or the latest generation telephone with satellite connection.

Snow will be present on the paths until end of June at least. You may walk on long snowy sections that can make the tour a bit more challenging. High mountain boots, gaiters and walking poles are mandatory.

### ROAD-BOOK

Before departure, we give you a travel file containing:

- 2 TOP 25 IGN maps with route trace.
- 1 road-book with all the necessary information for the hike.
- 1 card holder.

### TRAIL MARKERS

The trail is well-marked along its entire length with signs indicating directions and estimated walking times. The ascent to the Haute Cime (optional) is not marked and requires good orientation skills. It is recommended to be proficient in reading an IGN map at a 1:25,000 scale.

### LUGGAGE TRANSFER

The Dents du Midi tour is a particularly wild route that almost never goes down into the valley and on which the huts are relatively isolated. The majority of them are not accessible by 4x4 vehicle, so for these reasons, we do not offer luggage transfer services.
