

JEWELS OF THE PYRENEES: THE ENCANTATS

The enchanted mountains

The Encantats, the "enchanted" mountains. Legend has it that two men skipped mass to go hunting for isard and were turned into the two needles of the Encantats! The omnipresence of water and granitic ridges shapes the beauty of this Spanish national park: more than three hundred lakes, protected like jewels by the rocky ridges which dominate them. A magnificent seven-day circuit exploring this dreamlike massif.
